Page 4-5: “Global summary” page content

INTRODUCTION

FTS tracks funding for all humanitarian emergencies, whether directed to UN coordinated response plans, ICRC/IFRC or other entities. The Service also tracks bilateral contributions and private funding.

The FTS website is designed to provide different levels of information on reported humanitarian funding flows, from general overviews to specific, customized data searches. The displayed figures change automatically as soon as the database is updated.

If you are looking for a global summary of all humanitarian funding reported to FTS, just click on the “Global summary” label under the “Reported funding” menu item on the homepage.

The screenshot shows the homepage of the Financial Tracking Service (FTS). The logo is on the left, followed by the text "Financial Tracking Service" and "Tracking humanitarian aid flows". A search bar is on the right. Below the header is a navigation menu with items: "REPORT A CONTRIBUTION", "REPORTED FUNDING", "DATA SEARCH", "TUTORIALS", "IN FOCUS", and "ABOUT FTS". A blue box highlights the "REPORTED FUNDING" menu item, which has a dropdown menu with two options: "– Global summary" and "– By affected country". A blue arrow points from the text above to the "Global summary" link. Below the navigation menu, there are three buttons: "Where funds are from", "Where funds are going", and "Progress on appeals".

GLOBAL SUMMARY PAGE: CONTENT - 1

The Global summary page shows the current year by default. Use the “Year” selector to retrieve data for a different year.
